

## N Scale Greggs

Thanks for purchasing one of my kits,  
This kit just requires a **GEL** glue and  
scissors.

Firstly glue the card  
inserts in to the plastic  
wall panels (Left)  
Cut the doors out and  
glue in place as shown  
right, then glue the white  
window frame.

Then the windows as  
shown left. Now using  
a gel glue fix the walls  
together as shown right,  
make sure the sides are  
on the inside.

Then the roof as shown left, the panels are angled  
on one edge so they fit together nicely.
