

**N SCALE UPS DEPOT**

Thanks for purchasing one of our kits, this kit requires scissors and a **GEL** Glue Collall.

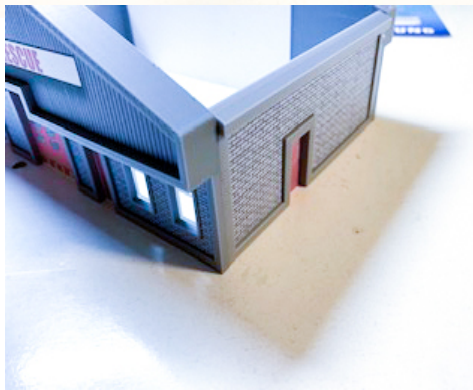

**Instructions Royal Mail, UPS, Stobart**

Cut the doors, signs and window out and glue as shown.

Cut the roof windows out and glue as shown.

Glue the walls together making sure the side panel is on the inside as shown, using a Gel glue will make this easier.

Both roof panels have an angled edge to make them meet at the top, run a line of glue on top the 4 walls and fix as shown, then glue the included ridge strip.
